President's Message

Greetings fellow Toronto Chapter members.

September marks the start of the 2012/2013 season for our chapter. I would like to extend my thanks to Penny Young our new speaker coordinator, who has pulled together another exceptional list of speakers for this year. Our first guest speaker of the season will be John Dunlop, from Archaeological Services Inc., who will be speaking about geophysical testing methods. The talk will begin at 7:30 on September 19th, followed by refreshments and an opportunity for informal discussion. The business portion of the meeting will follow.

Our chapter meetings will continue the format introduced last year with business meetings held every second month (September, November, January, March and May) and an open artifact processing and "show and tell" session on alternate months (October, February and April) following the speaker portion of the meeting. All members are invited to attend the September business meeting and to participate in the proceedings of the chapter during the coming year.

For future chapter meeting information refer to the chapter website or our Facebook page.

Janice

Chapter Notices

Executive Board Members Nominations

We are still looking for nominations for the executive board of the Toronto Chapter. For now, the board will remain as it is, however if you know someone who would enjoy contirubting to our chapter, please send the nominations to the chapter email at: torontoarchaeology@gmail.com.

Call for Papers

We are always interested in publishing articles by members of the Toronto Chapter. If you are interested in sharing your research or experiences in archaeology in this newsletter, please contact Amanda Parks at amanda.parks@gmail. com.

What's That?

What's That? is a new interactive column for which individuals can request an artifact be posted for discussion. The first edition of this column can be found in the Spring 2012 issue of Profile. We are still accepting any thoughts or guesses as to the purpose of the item, so please write in to amanda.parks@gmail.com with your ideas. Answers will be posted in the Winter issue of Profile, along with the next item of unknown function.
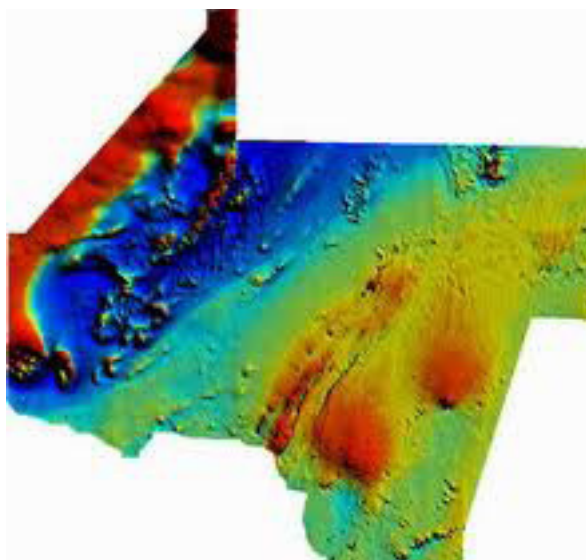

Upcoming Events

Wednesday September 19, 2012   **Upcoming Lecture**
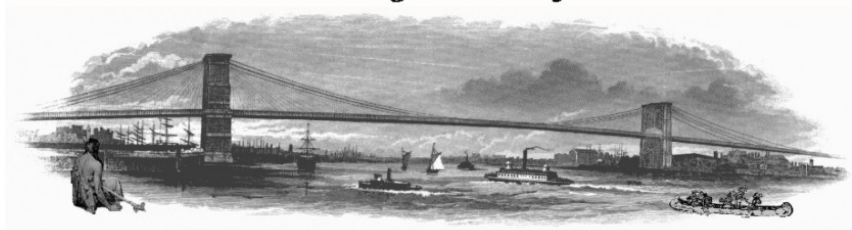

John Dunlop, Archaeological Services Inc.

Mr. Dunlop will be speaking about geophysical testing methods in archaeology. The talk will begin at 7:30 on September 19th, followed by refreshments and an opportunity for informal discussion.

November 9-11, 2012   **OAS Annual Symposium**

The Annual Symposium of The Ontario Archaeological Society is being held this year in Windsor over the weekend of November 9th to 11th. The theme this year is "A Bridge Across Time...The Archaeology of the Great Lakes Area." Registration is now open. Please find additional information on the OAS website: http://www.ontarioarchaeology.on.ca/
